DESCRIPTION

The CHASE SECURITY DUAL DEVICE STEEL PEDESTAL has been designed to mount card readers, intercoms, cameras, and other devices and make them accessible for SUV’s, minivans, and trucks. It is designed to be used in a variety of public locations including: driveways, parking lots, port authorities, military bases, consulates, apartment complexes, prisons, and government and institutional facilities.

The steel pedestal provides strength and ease of installation and maintenance of equipment once installed. For over 30 years Chase security products have been manufactured in a variety of sizes, styles and finishes, and sold to OEM accounts and distribution. They are installed by Government Institutions, Prisons, HUD, Projects, Universities, Hotels, Parks, Schools, Hospitals and other public locations where both functionality and aesthetics count.

Can be used in a variety of outdoor applications.
