CLASSROOM CLOCK / SPEAKER / STROBE / CONTROL PANEL

DESCRIPTION

The CHASE SECURITY Classroom Control Panel has been designed to incorporate an aesthetic design as well as servicing convenience into a single all-in-one device cabinet. This solid steel control panel provides a sturdy mounting surface for devices such as clocks, **CCTV (optional)**, intercoms, phone/ethernet line connections, thermostats, light switches, speakers, call buttons and volume controls, as well as visual audible signaling devices such as horns and strobes. This design allows for easy access to enclosed cabling, reducing installation and service time as well as creating a secure and centralized location for a majority of the room's wired devices.

For over 30 years Chase custom metal products have been manufactured in a variety of sizes, styles and finishes, and sold to OEM accounts and distribution.

Can be used in a variety of applications.

FEATURES

- ◆ Constructed of quality 14-gauge steel.
- ◆ Welded at all sides with reinforcement for a solid unit construction.
- ◆ Available in a variety of neutral finishes to compliment the surrounding environment.
- ◆ Dimensions O.D. 48" x 18" x 2" deep.
