CLASSROOM CLOCK / SPEAKER CONTROL PANEL

DESCRIPTION

The CHASE SECURITY Control Panel has been created especially for use in classroom applications and incorporates an aesthetic design as well as servicing convenience into a single all-in-one device cabinet. This solid steel control panel provides a sturdy mounting surface for devices such as clocks and speakers. This design allows for easy access to enclosed cabling, reducing installation and service time as well as creating a secure and centralized location for both clock and speaker devices.

For over 30 years Chase custom metal products have been manufactured in a variety of sizes, styles and finishes, and sold to OEM accounts and distribution.

Can be used in a variety of applications.

FEATURES
