CONTROL TOWER**

With Illuminated Accents

DESCRIPTION

The **CHASE SECURITY ILLUMINATED STEEL TOWER** has been designed to house cameras, intercoms, card readers, push buttons and other electronic devices. Illuminated tower accents enhances tower visibility and can be provided in a variety of attractive colors. It is designed for use in a variety of public locations including: driveways, parking lots, port authorities, military bases, consulates, apartment complexes, prisons, and government and institutional facilities.

The steel tower provides strength and ease of installation and maintenance of equipment once installed. For over 30 years Chase security products have been manufactured in a variety of sizes, styles and finishes, and sold to OEM accounts and distribution and installed by Government Institutions, Prisons, HUD, Projects, Universities, Hotels, Parks, Schools, Hospitals, and other public locations where both functionality and aesthetics count.

Can be used in a variety of outdoor applications.
