

SPG 11

SERVICE PLATE
For Chase Security Wire Guard
Model: CSGWS 863

DESCRIPTION

The CHASE SECURITY SERVICE PLATE has been designed to fit a variety of applications in warehouses, above ceilings, poles and special areas where a bridge is required. Unit can be surface or recessed. Complete knockouts are provided for electrical box screws and for wire service.

The steel service plate provides strength and ease of installation and maintenance of equipment once installed. For over 30 years Chase Security products have been manufactured in a variety of sizes, styles and finishes, and sold to OEM accounts and distribution. They are installed by Government Institutions, Prisons, HUD, Projects, Universities, Hotels, Parks, Schools, Hospitals, and other public locations where both functionality and aesthetics count.

*Consult our [website](#) or catalog for more info on applicable models..

***Designed for use with GE model GCF S7VM or similar GE Speaker / Strobe Devices**
