MOUNTING BACK BOX FOR LONG RANGE CARD READERS

DESCRIPTION

Chase Security Systems, Inc. Back Box has been designed to create a mountable surface for long range card readers. This two pieces acrylic back box addresses the issue of mounting sensitive card readers to dense or metallic surfaces which are prone to cause operational issues in the field. Our design allows for easy servicing and access. It is designed for prisons, HUD projects, Universities, Hotels, Parks, Schools, Hospitals, and other public locations where both functionality and aesthetics count.

FEATURES

- Constructed of quality 1/4" thick black acrylic.
- Sealed on all sides for moisture and weather resistance.
- Dimensions: O.D. 13" x 13" x 2" deep.
- Built-in single gang prep.
- Easy to install.
- Supports a variety of different card readers.
- Chase custom designs and builds to your specifications.

Designed for use with Chase Pedestals
(sold separately)

Chase Security Systems, Inc. draws from over 40 years of experience selling to the Fire, Security, Computer, Sound, Food Processing, Communications and Telecommunications Industries.

Due to changes in industry, exact product dimensions and features may differ slightly from above.
