

CSCS 90182

CLASSROOM CONTROL PANEL

*Devices not included

DESCRIPTION

Chase Security Systems, Inc. control panels are designed to provide a singular, easily serviceable location for a variety of components. Common devices* include speaker strobes, clocks, intercoms, cameras, speakers, emergency call buttons, control knobs (lighting, audio, temperature), and cable ports (networking, HDMI, USB, electrical outlets, etc.)

Our custom control panels are regularly used in classrooms, but also used in commercial presentation rooms and medical facilities. In addition to making a host of items available for daily use, it allows maintenance access to perform quick adjustments and repairs without disturbing existing interior walls.
